Abstracts can be submitted in one of the conference languages (Ukrainian or English). The maximal length of the abstract is one page. Each participant is allowed to send one abstract only.

The abstract should be prepared in LaTex (as a LaTeX-file) and carefully checked for misprints. It must not include automatic numbering and automatic links to formulas, theorems, article, etc. Please do not use your own macros and do not include pictures in the abstract.

The file should be named using surnames of first two authors (e.g., Petrenko-Smith.tex)

Please do not edit the style file *imathconf2019.sty*.

The Organizing Committee are kindly requested the authors to use the following examples for the environments and references.

Numbered equation

$$x' = Ax. \tag{1}$$

Reference to equation (1).

Environments:

Theorem 1. *Text of the theorem*

$$x' = Ax + t. \tag{2}$$

Lemma 1. *Text of the lemma.*

Definition 1. Text of the definition.

Example 1. Text of the example.

Problem 1. Text of the problem.

Corollary 1. *Text of the corollary.*

Proposition 1. *Text of the proposition.*

Remark 1. Text of the remark.

Algorithm 1. *Text of the algorithm.*

Reference to article or book [1]; the analogue of Theorem 1 was established in [2, p. 121].

The TeX- and PDF-files of the abstract should be sent to **imath.young@gmail.com** . The deadline for the abstract submission is **April 25, 2019**.
