

Special Issue on

» NONCOMMUTATIVE SPACES and FIELDS

<http://www.emis.de/journals/SIGMA/noncommutative.html>

» GUEST EDITORS

Paolo Aschieri (E. Fermi Centre, Rome and University Piemonte Orientale, Alessandria, Italy)

Harald Grosse (University of Vienna, Austria)

Giovanni Landi (University of Trieste, Italy)

Richard Szabo (Heriot-Watt University, Edinburgh, United Kingdom)

» TOPICS

- gravity in noncommutative geometry
- formal aspects of noncommutative quantum field theory, such as renormalization
- noncommutative instantons, solitons and vortices
- quantum groups, deformation quantization, and related structures
- physical applications, such as the Standard Model and potential phenomenology

Deadline for paper submission is **March 30, 2010**

Both original research articles and review papers will be considered (not having been published elsewhere)

There is no limit to the length of an article

All articles will go through the standard peer reviewing procedure of SIGMA

Submitting a paper to the issue can be performed in two easy ways:

submit the paper to the arXiv.org
and send the archive number to
editor@sigma-journal.com

or send zipped paper in TeX/LaTeX format directly to
editor@sigma-journal.com
